

Ocean Chair

Discarded fishing nets
and recycled hard plastic

The Ocean Chair is a part of the Ocean Collection, a reimagined outdoor series, originally designed in 1955 by Jørgen and Nanna Ditzel. The design was first reissued in 2019 in a new material using recycled fishing nets to produce the characteristic slats of the design. The Ocean Collection is designed for disassembly, meaning that the design allows each component in its purest form to recycle into new production circles. Durable for both private and public use.

Item no.
09301 Ocean Chair – Black*
09303 Ocean Chair – Sand*

**Variation possible due to recycled materials*

Country of origin
Poland

Materials
Slats made from discarded fishing nets mixed with recycled hard plastic. One seat contains (Item 093001) 2 kg / 70.5 oz; (Item 09303) 1.62 kg / 57 oz of waste materials

Steel tube, 20% recycled steel, Gunmetal finish

Gliders
Hard plastic gliders installed as standard

Stackable
Up to 4 pcs.

Test
EN 581-1:2017, EN 581.2:2015
EN ISO 9227:2017

Dimensions
W 60 cm D 56 cm H 81 cm SH 46 cm
ARH 67 cm / W 24" D 22" H 32" SH 18" ARH 26"

Packaging 1 box / 4 pcs.**
***Additional cost in breakage fee will apply for orders below 4 pcs.*

Weight
5,7 kg / 12 lbs

Mater Sustainability Factsheet

Recycled Fishing Nets

Old fishing nets are collected, washed, shredded and made into pellets, also known as green plastic. We use recycled fishing nets for our outdoor series and injection moulded chairs.

Repair for long lasting

Good products, are made to be used. To give the products the longest possible life, we want to make it easy for you to repair them yourself.

Contact our customer service for more info [here](#)

Steel

Our Steel is made from 20% recycled steel with a gun metal finish. Steel is a strong and light material that can be processed in unlimited ways.

CO₂ Footprint

At Mater, we believe in the importance of transparency. By doing Life Cycle Assessments (LCA) on our furniture, we can analyse the total climate emission for each of our product's lifespan.
